

Motorcycle training course FAQs

Q: What will I need to register?

A:

- A government issued identification card
- Be over the age of fifteen and a half
- The ability to ride a bicycle
- Credit card for payment

Q: What do I do if I am running late?

A:

- If it's passed 10 minutes of the check-in time, you will need to contact 209-941-0420 x8508 to make arrangements to reschedule as per the site policies.

Q: What do I need to bring to the classroom session?

A:

Government-Issued, valid photo ID & Confirmation Letter

Q: What do I need to bring to the range session?

A:

- A DOT-approved helmet, ¾ or full face (No half helmets) Personal helmets are subject to inspection for DOT-compliance and to make sure that they are in good working condition.
- Either full-fingered street specific motorcycle gloves, or 100% leather gloves
- Eye protection including shields, sunglasses, goggles, or glasses
- Long-sleeve shirt or jacket
- Long pants, jeans, or leather with no tears or holes
- Over the ankle boots with little or no heel. Thin fabric shoes made of canvas or other fabrics that do not provide support are not acceptable. The classic Converse All Star "Chuck Taylor" or dress shoe are examples of shoes that DO NOT meet the requirements.

Q: When will I receive my DMV DL839 completion card?

A:

The card will be available for pickup within 5 to 7 business days at Harley-Davidson of Sacramento.

Q: How do I receive my 10% Student discount on Licensed Riding Apparel & Accessories?

A:

When you come into the dealership please see one of our friendly Sales Associates for your Riding Academy Pit Pass. This endorsed pass will give you a 10% discount for 30 days from your class date.

Q: More about the Course and Licensing – CMSP Motorcyclist Training Course

A:

The California Motorcyclist Safety Program Motorcyclist Training Course is designed for the novice rider with no (or limited) street-riding experience. This course includes both classroom and on-cycle instruction. You will learn fundamental skills required to operate the motorcycle and progress to street riding skills and strategies. Topics covered include fear, understanding how motorcycles turn, proper cornering strategies, and emergency crash avoidance skills. This course is based on the most current research in rider safety and utilizes modern training methods. Though designed for new riders, any rider that has not taken a motorcycle course will benefit from this course. Motorcycles and helmets are provided in this course
